 Cancer, logwood in, 455.  
 Capsular ligament and its relation to intra-capsular fracture, 1.  
 Carbonic acid as a healing agent, 359.  
 Castor oil plant, leaves of, as a galactagogue, 330.  
 Cataplexy, chloroform in, 41.  
 Cattle, pleuro-pneumonia in, 246, 370.  
 Census, the late, 543.  
 Cerium, oxalate of, in vomiting of pregnancy, 435.  
 Cervix uteri, amputation of, 96.  
 Charge against surgeons, 529.  
 Cheek and lips, operations upon, 501.  
 Chloroform in cataplexy, 41; in midwifery, 431; effect of a large dose, 527; hallucinations of, 516; test for purity, 481.  
 Cholera infantum, treatment of, 200, 401.  
 Chronic dysentery, 451.

Climicifuge, 43.  
 Clitoris, removal of, for masturbation, 275, 367.  
 Close of volume eight, 839.  
 Coffee for soldiers, 543.  
 College of Physicians and Surgeons, N. Y., clinic, 170.

## COMMUNICATIONS:—

The insertion of the capsular ligament of the hip-joint, and its relation to intra-capsular fracture of the neck of the femur, 1; Recovery after severe burns, 5; Uterine diseases—menorrhagia, 6; Interesting case of fracture of the neck of the femur in a paraplegic man—arm union in five weeks, 7; On the inspection of blood, meconium, and other stains, 8.  
 The blood—its condition in pulmonary tuberculosis, 29; Complete rupture of the tendinous cords of the anterior portion of the mitral valve, 35; Cutting away of bronchocele without hemorrhage, with a case—remarks, 38.  
 Case of extensive wound of the knee-joint through the patella, with remarks on treatment, 53; Case of un-united fracture of the tibia, curvature of the fibula, union by silver ligatures, 56; A new splint for fractures of the wrist or hand, 56.  
 Researches and observations on pelvic hematocele, 79; The tape worm, and kousoo as an anthelmintic, 82.  
 Researches, etc., continued, 105; Poisoning by aconite, 110.  
 Researches, etc., concluded, 135; Observations on hernia, and the application of trusses, 143.  
 Alcoholic stimulants, their influence in preventing the developing of pulmonary tuberculosis ignored, 157; Toxicology, considered with special reference to medical jurisprudence—introductory remarks, 169.  
 Alcoholic stimulants, etc., concluded, 157.  
 Nervous deafness, 239; A new fracture apparatus, adapted for the treatment of fractures of the long bones by extension and counter-extension, 213.  
 Nervous deafness, continued, 239.  
 Toxicology, continued, 266; Case of un-united fracture of the lower maxilla successfully treated by silver ligatures, 267.  
 Vomiting a symptom of pulmonary tuberculosis, 288.  
 Veratrum viride, 311.  
 Nervous deafness, continued, 331; Toxicology, cont'd, 338.  
 Biographical notice of the late LEWIS CORBIET, M.D., 360; A new splint for fractures of the jaw, 361; a case of poisoning by aconite successfully treated by opium, 362.  
 Nervous deafness, continued, 379; Electro-therapeutics, 382.  
 Nervous deafness, continued, 395; Pain a symptom of pulmonary tuberculosis, 397.  
 Electro-therapeutics, continued, 413; Nervous deafness, continued, 414.  
 Case of traumatic tetanus successfully treated, 417.  
 Toxicology, continued, 429; Electro-therapeutics, cont., 430.  
 Report of a case of chronic dysentery, 451.  
 Two cases of operation for extirpation of ovarian cyst, 477.  
 Operations upon the lips and cheek, 501; A case of obstructed labor from deformity of the pelvis, with remarks, 505; Chronic rheumatism, 508.  
 Toxicology, continued, 521.  
 Compliment to Surg. CUTLER, 464.  
 CORBIET, Dr. LEWIS, biographical notice, 361.  
 Coniine in whooping cough, 545.  
 Connecticut Medical Society, review of proceedings, 537.  
 Connecticut Mutual Life Ins. Co., 511.  
 Connecticut River Valley Medical Association, 514.  
 Constipation, treatment of, 276.  
 Convulsions, puerperal, 357.  
 Corn silk, medicinal property of, 51.  
 Corona veneris, 370.

## CORRESPONDENCE:—

*Army:—*

Iodide of potassium as a gargle in secondary syphilis, 25.  
Gunshot wound of the hip, resection, death, 76; Letter from Surgeon ORR, 27th Mass. volunteers, 77.  
Miscellaneous, from camp near Yorktown, Va., 127.  
Miscellaneous, from floating hospital near Yorktown, Va., 154.  
Diseases on Ship Island, 232.  
Miscellaneous, from floating hospital at White House landing, 255.  
Letter from Dr. S. T. THORN, 280.  
Report of Dr. A. HITCHCOCK to the Surgeon-Genl. of Mass., 303.  
Miscellaneous, from floating hospital near Alexandria, 327.  
Hospitals near Fortress Monroe, 374.  
Peculiar variety of fever in the camps on Fair Oaks battlefield—probable cause—treatment, 409.  
Medical affairs at Fortress Monroe, 425.  
Letter from Mrs. Senator HARLAN, 471.

*Domestic:—*

Annual meeting, 363.

##### *Vermont Medical Society;—*

Semi-annual meeting, 316.

Medication, dermic, 67.

Menorrhagia, 6.

Menstruation, vicarious, 370.

Meteorology of Philadelphia, 26.

Miasmatic typhoid fever, 283.

Midwifery, anaesthetics in, 48, 118, 317, 341; Chloroform in, 431.

Military hospitals, new, 531; do. on David's island, N. Y., 531.

Military medical and surgical reports, 351.

Milk, human, properties of and modifications, 199; do., secretion of, how promoted, 320, 344.

MILLER, Dr. JOHN, anecdote of, 443.

Mitral valve, rupture of cords of, 36.

Mole, expulsion of, 391.

Morbus coxaricus, operations for, 244.

Mule ambulances, 511.

Mydriatics and opium, antagonistic effects of, 173.

##### *Nævus maternus, 171.*

Narcotics, doses of, 152.

Navy, spirit rations in, 18.

Nervous deafness, 209, 239, 331, 379, 395, 414.

Nervous system, affections of, and treatment, 421.

New diseases, 513.

New Hampshire Medical Society, proceedings, 315.

New Orleans, health of troops at, 306; Health of city, 544.

Newark hospitals, 472.

#### NEWS AND MISCELLANY:—

18, 23, 26, 29, 35, 45, 50, 51, 52, 77, 78, 89, 102, 103, 104, 118, 129, 130, 155, 156, 181, 182, 208, 213, 218, 233, 234, 243, 245, 256, 257, 258, 269, 273, 275, 281, 282, 291, 298, 305, 306, 328, 329, 330, 340, 345, 350, 353, 354, 369, 374, 375, 376, 377, 378, 384, 391, 392, 393, 394, 405, 410, 411, 412, 415, 421, 423, 425, 426, 427, 428, 441, 442, 443, 444, 480, —, —, 464, 472, 473, 474, 475, 476, 481, 487, 488, 489, 490, 491, 492, 510, 512, 513, 514, 515, 516, 531, 532.

Nipples, ulcerated, treatment of, 195.

Noble contribution from Cal. to Sanitary Commission, 541.

NOBLE's tonic elixir, 392.

Obesity, focus vesiculosis in, 150.

Obituary, Dr. STEBBINS, 444.

Obstructed labor, deformity of pelvis, 505.

Ohio State Medical Society, 383.

Ophthalmology, journal of, 527.

Orthopaedic surgery, lectures on, 27, 131, 183, 235, 259, 355, 445, 517.

Oa uteri, ulceration of, 484.

Ovarian cysts, extirpation of, 477; Tumors, 452.

Ovariectomy, 120, 222; Followed by tetanus, 225; Remarks by Mr. S. WELLS, 515.

Pain, a symptom of tuberculosis,

Palatable medicines, 452.

Pelvic hematocoele, 79, 108, 135.

Pennsylvania Hospital, clinic, 291.

Pension examining surgeons, 542.

Pericarditis, acute, treatment of, 66.

#### PERISCOPE:—

9, 10, 11, 12, 13, 14, 39, 40, 41, 42, 43, 44, 45, 65, 66, 67, 68, 69, 70, 71, 90, 91, 92, 93, 94, 95, 96, 115, 119, 120, 121, 122, 123, 124, 145, 146, 147, 148, 149, 150, 173, 174, 175, 183, 184, 195, 196, 197, 198, 199, 200, 201, 221, 222, 223, 224, 225, 245, 246, 247, 274, 275, 276, 277, 317, 318, 319, 320, 321, 341, 342, 343, 344, 345, 353, 366, 367, 368, 387, 388, 389, 390, 400, 401, 402, 403, 404, 405, 418, 419, 420, 421, 431, 432, 433, 434, 435, 436, 452, 453, 454, 455, 463, 464, 482, 483, 484, 485, 523, 524, 525, 526, 527.

Personal, 460, 472, 490, 515, 545.

Pertussis, a new remedy, 49, 171; nitric acid in, 343.

Philadelphia County Medical Society, 60, 86, 129, 161, 190.

Pills, albuminous coating for, 150.

Pleuro-pneumonia in cattle, 370.

Podalic version in parturition, 404.

Podophyllin, its therapeutical uses, 367; do. in cure, 514.

Potassa, ferrocyanate, medical properties and effects, 463.

Pregnancy, vomiting in, a new remedy for, 275; Oxalate of cerium in, 435.

Preservation of the teeth, 483.

Prize, ASTLEY COOPER, 510.

Public acknowledgment of volunteer services, 529.

Public schools, their management, 467.

Pulmonary tuberculosis, condition of blood in, 29; vomiting as a symptom of, 288; jerking respiration in, 345; pain a symptom of, 395.

Pyrophosphate of iron, its uses, 321.

Quinia and zinc in ague, 391.

Quinine as a prophylactic, 487.

Rachitis, 171.

Rain during summer of '62, 514.

Red tape, 299.

Removal of nitric acid stains from hands, 515.

Renal parasites, 400.

Rensselaer polytechnic institute, 511.

Reproduction of the inferior maxillary, 483.

Respiration, jerking, as a symptom of tuberculosis, 345.

Re-vaccination in the Prussian army, 515.

#### REVIEWS AND BOOK NOTICES:—

WILLIAMS—A practical guide to the study of the diseases of the eye, 247.

CHAMBERLAIN—Advice to a mother on the management of her offspring, 299.

BAUDENS—Military and camp hospitals, and the health of troops in the field; Being the results of a commission to inspect the sanitary arrangements of the French army, and incidentally of other armies in the Crimean war, 317.

- MOTT**—Inaugural discourse before the trustees of the New York Inebriate Asylum, at Binghampton, Nov. 20, 1861, 455.
- HOMBERGER**—American journal of ophthalmology, 527; **CONNECTICUT MED. SOCIETY**—Medical communications, 527; **RHODE ISLAND MED. SOCIETY**—Communications, 527.
- Rheumatism**, potassio-tartrate of iron in, 150; its origin, 200; chronic do., 508.
- Rheumatic fever**, veratria in, 433.
- Ricinus communis**, leaves of, as a galactagogue, 320.
- Rock oil**, geological relations and distributions, 488.
- Sanitary Commission**, 250, 540; noble contribution from Cal. to do., 541.
- Sick and wounded of the army**, 490, 530.
- Sickness in the army**, 473.
- Slaughter in war**, 476.
- Sleep**, influence of, on disease, 174.
- Sleepy disease in Siberia**, 70.
- Somnambulism**, 541.
- Spermatorrhœa**, remedies in, 182.
- Splints**, plaster of Paris, 12, 56.
- State medical board**, 472.
- Strychnia**, poisoning by, 13.
- Styptic**, 421.
- Surgeons**, volunteer delegations at seat of war, 277, 441; do. wanted, 275; do. and sick at Winchester, Va., 281; do. of Buffalo, N. Y., in service, 300; do. dismissed from service, 300; unconditional release of, by confederates, 324; do. of Ohio in service, 375; additional, provided for, 377; do. taken prisoners, 375; do. of Pennsylvania for army, 426; do. of new regiments, 513; do. of Maine regiments, 490; do. for the army, 458.
- Surgery**, curiosities of, 282; do., mechanical, 321.
- Surgical instruments in the international exhibition**, 469.
- Swill milk**, law against, in New York, 334.
- SWINBURNE**, Dr. JOHN, 458.
- Syphilis**, gold in, 366; transmission of, by vaccination, 175, 420.
- Tænia treated by male-shield fern**, 536.
- Tablets of chlorate of potash for fetid breath**, 412.
- Talipes**, the first operation for, 252.
- Tape worm**, konaso in, 82; treatment of, 455.
- Tar plasma**, glycerole of tar, 536.
- Tetanus**, from ovariectomy, 225; successfully treated, 417.
- Tibia**, ununited fracture of, cure, 56.
- Toxicology with reference to medical jurisprudence**, 160, 266, 338, 429, 521.
- Transfusion of blood**, 546.
- Triticum repens** in irritability of bladder, 251.
- Typhoid fever**, quinia in, 73; miasmatic, 283.
- University Medical College, N. Y.**, clinic, 171, 218.
- Urethra**, calculus in, 170.
- Urine**, suppression of, remarkable, 95.
- Uterine diseases**, 6.
- Uterus**, rupture of, 95.
- Vaccination**, compulsory in N. Y., 49, 60, 223; importance of, 280.
- Vaccine virus and vaccination**, 168, 231.
- Vagina**, new manner of plugging, 367.
- Variola**, Indian remedy for, 301.
- Vegetables in the army**, scarce, 458.
- Veratria in rheumatic fever**, 433.
- Veratrum viride**, discussion, 161, 190, 231, 311.
- Vermont Medical College clinic**, 268; commencement, 262.
- Vermont Medical Society**, proceedings, 316.
- Vesico-vaginal fistula**, 171.
- Vital statistics of Philadelphia**, New York and Boston, last page of each number; of Providence, R. I., 26, 78, 234, 282, 378, 532; of Sacramento, Cal., 258.
- Volunteer surgical aid**, 510; do. surgeons, 541.
- Vomiting** a symptom of pulmonary tuberculosis, 286; remedy for do. in pregnancy, 275.
- WAKLEY, Mr.**, death of, 364.
- War**, casualties of, 16; **Compensations of**, 151.
- Water supply of London**, filtration, 491.
- Widowhood**, physiology of, 544.
- Wine**, rennet, its uses, 411; do., domestic, 531.
- World is doctored too much**, 528.
- Worms**, propagation of, through food, 45.
- Wounded at Winchester**, 26; at Chickahominy and Fair Oaks, 279; at Richmond, Va., 370; neglect of do. on battle-field, 97; do. after the battles of the last week in August, 530.
- Wounds of intestinal canal**, treatment of, 519.
- Yellow fever**, 513, 531, 541; do. among French troops in Mexico, 512.
